In Pursuit of Excellence

Li Cunxin and Teddy Hsiung 2021

WELCOME

As Principal of JPI Education, my vision is to ignite within our students a passion for excellence, empowered by resilience and confidence, so that they can achieve life-long success.

Extending from students' current schools and their campus study, JPI Education is a holistic and dedicated learning centre cultivating our students to be critical thinkers, people leaders and admirable global citizens.

In pursuit of excellence, great emphasis is placed upon academic merit and leadership development by offering a variety of educational courses, social activities, and leadership opportunities. Our philosophy is built on the premise that in an ever-changing world, one must be a life-long learner to succeed. We pride ourselves on thinking differently and actively seek out opportunities to push the boundaries of traditional education approaches.

Across our learning community we create a happy and caring environment where all students are valued and encouraged to succeed, whatever their individual needs. Our highly trained and dedicated teachers provide engaging and stimulating programs that cater for different learning experiences.

Partnering with world's distinguished corporations, JPI Education brings insight into leadership excellence, career development and corporate culture from leading global industry experts. We work with students and their families and are guided by their goals and long-term plans.

I encourage you to experience for yourself the spirit of this welcoming learning centre and become part of our community.

Teddy Hsiung

Principal

OUR VISION

Our vision is to inspire students to achieve life-long success.

We do this by providing them with the academic and civic tools they need to navigate their chosen path. Through our holistic education approach, we empower them to become critical thinkers, people leaders, and exemplary global citizens.

OUR MISSION

We believe in the unique strengths and abilities of each child and are committed to helping them reach their potential. Through personalised courses and targeted learning plans, we aim to cultivate the next generation of thinkers and leaders.

We prepare our students to meet – and exceed – the expectations of the world’s leading educational institutions. We understand the pathways to admission and develop tailored plans to support each student to achieve their academic goals.

OUR VALUES

Excellence: We are committed to supporting all our people – our teaching team, our students, and their families – to reach their full potential.

Respect: We believe that mutual respect is the basis of every good relationship and crucial to a resilient community. We act with empathy, understanding and aim to foster dignity, confidence, and self-acceptance in our students.

Innovation: We pride ourselves on thinking differently and actively seek out opportunities to push the boundaries of traditional education approaches.

Experience: We understand how intimidating new experiences can be and how fear can inhibit academic and civic engagement.

Partnership: We work with our students and their families and are guided by their goals and long-term plans.

ACADEMIC EXCELLENCE

We take a life-long view of education and deliver the foundational skills required for future success. From English to Maths, Human Society and its Environment, to Business Studies, we focus on both the intellectual and social development of our students. Our courses align with, and build on, the curricula of NESA. They are designed to give students an academic advantage by reinforcing and extending their knowledge base.

Our teaching team are experienced education professionals who are recognised as experts in the industry. Many also have strong connections with leading schools in Sydney, and around the world.

- School Entrance Exams
- Scholarship Test
- SAT
- ACT
- IELTS

STUDENT DEVELOPMENT

2021 Celebration of Learning Award Ceremony
Presented by The Hon. Paul Fletcher (*Minister for the Arts*)

Guiding you to your best future

Bridging the Gap

Our JPI "Bridging the Gap" courses are designed to support students during crucial points in their development. From English as a Foreign Language (EFL) to English as a Second Language (ESL), Australian Society and Culture and Year 6 to 7 Bridging Course prepare students for various transitions of their academic pursuits.

Enrichment and Extension

At JPI Education, we believe that students should strive to go beyond their assumed potential. Our Individual Learning Program caters for gifted students through one-on-one teaching or small group instruction.

- Excellence in Writing
- Excellence in Literature
- Scholar's Class English
- Scholar's Class Mathematics

SPEECH AND DEBATE

Confidence building is part of JPI Education's holistic education vision. Students not only hone communication skills but also gain knowledge of a variety of topics including current affairs.

JPI annually holds the Australian Youth Speech and Debate Competition, and students are encouraged to showcase their skills both in our community and beyond.

LEADERSHIP EXCELLENCE

Some students are natural born leaders, some develop into leaders after gaining confidence.

JPI Education regularly hosts forums and workshops where guest speakers pass on their expert industry knowledge to participants. In addition to keynote speeches, students participate in interactive workshops that are engaging and motivate students to think outside the box.

YOUNG ARTIST EXCHANGE

Young Artist Exchange delivers high quality creative arts education. The Creative Experiences Workshop is centred around music, but introduces unique collaborations with other art forms such as visual art, dance and literature. Each Creative Experiences Workshop is based on innovative and original narratives. In 2022, students of JPI Education's Writing Stars program collaborated together to write the story and script for 'Voices of Feathered Friends'. During the Creative Experiences Workshop, students created sets and costumes, composed music and performed in a showcase performance.

YAE connects across cultures by bringing together students and teachers from around the world, with a mission to foster global citizenship through the arts.

OUR COMMUNITY

When families arrive at JPI Education, they are inspired by the spirit of the caring and positive learning centre. A community built around shared values and goals, the parent-teacher-student triangle is complete. Together, the partnership to support each child grows from strength to strength.

Mentor Program

By reviewing and analysing school reports, JPI helps parents evaluate their child's progress both academically and socially. Together with the parents, we come up with a strategy for the best way forward to attain the best possible outcome for the child. Through our programs, we also have guest speakers that mentor students on pursuing excellence.

Dr. Nazir Daawar (International Human Rights Lawyer)

Seminars

We regularly hold seminars to help students and parents understand the school curricula and academic requirements. Seminars include private school selection, subject selection, career development, HSC NESA requirements, HSC Workshops, SAT.

SCHOOL PLACEMENT

At JPI Education, we recognise how difficult it is to select the most suitable school for your child. The school environment and community helps shape your child's pathway and future.

Our Private School Enrolments package includes an initial consultation to determine values and goals of the family and child. We organise school tours, guide the enrolment process, documentation, application and liaise with the enrolments team at your chosen school/s.

We have successfully placed students into these preferred schools:

- Sydney Grammar School
- Knox Grammar School
- SHORE School
- The King's School
- The Scots College
- Barker College
- Cranbrook School
- St Andrew's Cathedral School
- Ascham School
- Kambala School
- St. Catherine's School
- Ravenswood School for Girls
- Pymble Ladies' College
- Wenona School
- Meriden: An Anglican School for Girls
- MLC School
- PLC Sydney
- Kincoppal - Rosebay School of the Sacred Heart
- Roseville College
- Tara Anglican School for Girls
